

Department of Occupational Therapy and Occupational Science
School of Health Professions

University of Missouri Health System

Clinical Instructor

The University of Missouri is seeking applications for a .75 FTE clinical faculty teaching position. This is a 9-month academic appointment and will involve teaching and collaboration with other faculty members to assist with labs and teaching clinics.

The Department of Occupational Therapy consists of dedicated faculty with a strong commitment to student centered learning, problem based learning, a foundation in occupation-based practice.

Qualifications: Applicant must be a registered occupational therapist with a master degree or currently working toward a masters or doctorate degree. Candidates should show evidence of ongoing professional development, a minimum of 3 years clinical and academic experience.

Duties: Teaching foundational OT courses with involvement in laboratory classes.

Salary and Rank: Competitive and commensurate with experience.

Application Procedure: Please send a letter of interest addressing the position qualifications, teaching and scholarly interests, teaching experience, curriculum vitae, and three letters of reference.

Application deadline: For best consideration, applications should be received by May 2010. The position will remain open until filled. Teaching responsibilities will begin in September 2010. Please send inquires and application material to:
